

The 1979 Proof Coin Set...

SUSAN B. ANTHONY often wore a red shawl during her speeches in support of women's right to vote and it soon became a symbol of her dedication to the suffrage movement. In 1888 a journalist noted that Spring was heralded not by the approach of robin red-breast but, rather, by the appearance of Miss Anthony's red shawl. The Spring of 1979 is heralded by the production of the new Susan B. Anthony dollar coin. The 1979 Proof Coin Set will be the first to contain the Anthony dollar.

The 1979 Proof Coin Set . . .

. . . contains one coin of each denomination: a penny, nickel, dime, quarter, half dollar and the new Susan B. Anthony dollar. Proof Coins are struck from specially prepared (non-silver) blanks. Each coin is struck twice with highly polished dies to assure a mirror-like finish. The San Francisco Assay Office produces and packages the sets, and each coin bears the "S" mint mark. The coins are sealed in a pre-cast plastic package which protects and displays the set. The 1979 Proof Coin Set is priced at \$9.00 which includes postage and handling.

Proof Coin Sets are produced and shipped through the end of the year of issue. Therefore, we will be shipping the 1979 sets through December 31, 1979. We ship orders as closely as possible to their order of receipt; but the vast majority of orders are received within the first month of the ordering period. If your order is not in the first group to be shipped, you will receive a postcard acknowledging your order and indicating when you can expect to receive your order.

The Mint accepts orders for Proof Coin Sets until the production capacity is reached, and acceptance of orders is conditioned upon our ability to meet the demand. At this time, we anticipate that we will be able to accept orders from April 2 to May 31, 1979. We recommend that you send your order as soon as possible. Your remittance will be deposited for safekeeping and, if we cannot honor your order, a refund will be made. Orders are not cancelable by the purchaser.

the Set

The 1979 Uncirculated Coin Set...

...are the first U.S. Mint uncirculated coin sets to contain the new Anthony dollar coin. These sets contain twelve coins—an Anthony dollar, half dollar, quarter, dime, nickel, and one cent coin from the Denver Mint and the same denominations from the Philadelphia Mint. The six coins from the Denver Mint bear the “D” Mint Mark and are sealed in polyester film with red stripes. Traditionally, coins produced at the Philadelphia Mint have no mint mark. However, the Anthony dollars produced in Philadelphia will bear the “P” Mint Mark. The six coins from the Philadelphia Mint are sealed in blue-striped polyester film. Both packets are inserted in a presentation envelope. Orders are limited to five sets per customer; and the price, which includes postage, fees, and handling, is \$8.00 per set.

These sets are produced and mailed through the end of the year of issue. Therefore, the 1979 sets will be mailed through December 31, 1979. Orders are processed as closely as possible to their order of receipt. However, the vast majority are received within the first month of the ordering period. If your order is not in the first group to be mailed, you will receive an acknowledgment card indicating your order number and the expected date of delivery. Your order number also appears on your canceled remittance.

Please note:

Acceptance of orders is conditioned upon our production capability to meet the demand. Orders will be accepted beginning September 4, 1979. Although we anticipate accepting orders through October 31, an earlier cut-off date will be announced if orders for the sets exceed our production capability. If this occurs, it will be necessary to return all orders received after the cut-off date. If your remittance is deposited and we cannot honor your order, a refund will be made. We therefore recommend that you send your orders as soon as possible. Orders are not cancelable by the purchaser.
